

AUTOMATIC LUBRICATION PACKAGE

- LESS OIL WASTE
- REDUCES PM COST
- CUTS OIL USE BY 75%
- LONGER MAIN CHAIN LIFE
- REDUCES SANITATION ISSUES
- MORE EFFICIENT OPERATION

Dramatic savings in oil consumption and Main Drive Chain maintenance.

This was when the Automatic Lubrication Package was installed on an existing I.J. White Cooler and Blast Freezer System.

The Automatic Lubrication Package showed a 75% reduction of oil usage vs. previous technology, less energy was required to drive the system.

There was overall reduction in operational noise, the System required less PM, and there was less cleaning time required due to oil dripping.
