Hello Tracy,

Thank you, Tracy for ALL YOUR help. Please tell the team there, what a great assets we feel here at Champion Foods we have with I.J. White as our spiral supplier. You and your team there have helped us so much - but you especially are my main contact and the one I put my trust in.

Your ability to keep the lines of communication open and us updated helps to allow everyone here continue to plan and do their necessary tasks and scheduling.

I appreciate your willingness to assist me with finding the correct part and not always expecting me to have it at my fingertips. Sometimes the guys here are moving so fast and I serve so many it is hard to keep up; you make it far less frustrating every time I can come through for them. Thank you for helping me keep up with the pace of our company.

Please make sure this travels all the way down your support team.

k.t.f.,

A handwritten signature in black ink that reads "Kelly Morgan". The signature is written in a cursive, flowing style.
