RE: IJ White Service

To Whom It May Concern:

I want to thank IJ White for the quick response and service that was provided to TTK.

I want to point out that the services provided by the technician were above average in regards to his work ethic and safety. Joe Akyelken did an outstanding job and worked great along with our crew on such a difficult task.

I would appreciate if you would forward this message to Niv Eldor and Peter White so they are aware of how pleased we are.

Thanks,

*Laz Reyes*
