

I.J. WHITE INTRODUCES:

AUTOMATIC LUBRICATION PACKAGE

- **Cuts Oil Use by 75%**
- **Longer Main Chain Life**
- **Reduces Sanitation Issues**
- **More Efficient Operation**
- **Reduces PM Cost**
- **Less Waste Oil**

Dramatic savings in oil consumption and Main Drive Chain maintenance.

This was seen when the Automatic Lubrication Package was installed on an I.J. White Cooler and Blast Freezer System.

The Automatic Lubrication Package showed a 75% reduction of oil usage vs. previous technology, less energy was required to drive the system.

There was an overall reduction in operational noise, the Systems required less PM, and there was less cleaning time required from oil dripping.

“Putting Innovation Into Motion”
