Re: I.J. White Installation
Nick Oktayer

Bob,

Nick was great. This was one heck of a project going 100mph and Nick was a big help keeping us going in a straight line!!!

Nick was in control here, knew what needed to be done, and communicated well with your parts department ensuring the parts got here when we needed them. He got a little upset when parts didn't arrive as planned. As the customer I liked seeing that passion; at that point I knew Nick cared about this as much as I did and I was in good hands.

Thanks,
